PROFESSIONAL SUMMARY

Recent Computer Information Systems graduate from Florida Gulf Coast University with a concentration in Cybersecurity. Exposure to Windows environments, Active Directory, Microsoft 365, networking, and technical troubleshooting through virtual lab environments and help desk simulations. Strong customer service, communication, documentation, and problem-solving skills with a passion for helping users resolve technical issues.

TECHNICAL SKILLS

- **Windows & Microsoft Technologies:** Windows 10/11, Windows Server, Active Directory, Microsoft 365, Office Suite, Outlook, Teams, OneDrive, Remote Desktop
- **Tools & Platforms:** Git, GitHub, VS Code, Kali Linux, Autopsy, FTK, Linux CLI, VirtualBox, Virtual Machines
- **Programming:** Python, JavaScript, React (Next.js), HTML/CSS, SQL, C++ (Familiar)
- **AI & Emerging Technologies:** OpenAI ChatGPT, Anthropic Claude, Gemini, Ollama (Local LLMs), Prompt Engineering

EDUCATION

Florida Gulf Coast University – *B.S. Computer Information Systems, Cybersecurity Concentration* | GPA: 3.61 | Graduated May 2026

WORK EXPERIENCE

Sales Associate | Shoot Straight Fort Myers

Fort Myers, FL • July 2026 – Present

- Provide product guidance and process firearm, ammunition, accessory, and range transactions using Celerant POS in a customer-facing environment.
- Process regulated firearm transactions by completing and verifying ATF Form 4473s, identification, permits, background-check information, and firearm records, ensuring information is accurate and consistent across paper and electronic systems.

Busser | El Gaucho Inca Restaurant

Fort Myers, FL • Oct 2025 – Nov 2025

- Assist customers with firearm, ammunition, and accessory selection, provide product recommendations, and complete sales transactions using the Celerant POS system.

TECHNICAL & PROFESSIONAL EXPERIENCE

Website Contributor (Volunteer) | Tech Alliance of SWFL

May 2026 - Present

- Contributed to an open-source Next.js website for a coalition of Southwest Florida tech organizations, implementing content updates, UI layout improvements, and new features via Git branching and pull requests.

AI Fellowship – Student Consultant | FGCU Dendritic AI Institute

Fort Myers, FL • Jan 2026 – Mar 2026

- Collaborated with FGCU faculty and students to evaluate responsible AI integration in higher education, redesigning assignments and supporting research initiatives focused on learning, assessment, and human-centered AI.

Mentee | FGCU Lutgert College of Business

Fort Myers, FL • Jan 2026 – April 2026

- Participated in structured one-on-one mentorship with a GRC professional, focusing on career planning, technical growth, and cybersecurity industry expectations.

SELF-DIRECTED LEARNING & PROJECTS

IT Help Desk Simulation (ServiceDesk Simulator)

February 2026 - Present

- Simulated end-to-end help desk support by troubleshooting Windows desktops, laptops, printers, software, Active Directory, VPN, Remote Desktop, networking, and user account issues while resolving incident tickets and documenting solutions.

Senior Capstone – E-Commerce Website

Jan 2026 – Apr 2026

- Designed, developed, tested, and deployed a full-stack e-commerce website using HTML, CSS, JavaScript, SQL, and modern development tools, managing a relational database and troubleshooting software issues throughout development.

Anthropic Academy: Claude 101, AI Fluency: Framework & Foundations, AI Capabilities and Limitations

- Completed AI fluency and LLM-focused coursework through Anthropic Academy covering prompt engineering, AI capabilities and limitations, human-AI collaboration, and responsible AI usage in professional workflows.

Cisco Networking Academy

- Completed networking labs involving switching, routing, subnetting, connectivity troubleshooting, and enterprise network concepts using Cisco Packet Tracer.

ORGANIZATIONS

- **Tech Alliance of SWFL; Lee County AI User Group** – Member | May 2026 - Present
